We carry over 400 varieties of flower seed in packets

LAWN SEED

HORMO-SUN LAWN SEED — Our Rootone treated mixture of Red Top, White Clover, and Blue Grass. Many years of experience has proven that this Red, White and Blue mixture will give satisfaction except in dense shade. The Rootone treatment insures deep root growth, therefore better utilization of fertilizer, promoting a heavy turf that affords weeds less chance of developing. Sow 5 pounds per 1,000 square feet for new seeding, 3 pounds for re-seeding. Lb. $1.10; 3 lbs. $3.15; 5 lbs. $5.15; 10 lbs. $10; 25 lbs. $24.00; 50 lbs. $47; 100 lbs. $93. Use non-burning Milorganite Fertilizer, 3 to 5 pounds per 100 square feet. Fertilize your lawn spring and fall to maintain a heavy turf.

GREEN-KNOLL LAWN SEED — Contains Blue Grass, Red Top and Bent Grass, Rootone treated. For those who like a lawn without clover. 1 lb. $1.15; 3 lbs. $3.30; 5 lbs. $5.35; 10 lbs. $10.40; 25 lbs. $25.00; 50 lbs. $49; 100 lbs. $97.

HORMO-SHADE LAWN SEED — Our blend of fine bladed grasses for shady areas. Rootone treated. It is recommended for areas that receive less than half of the day's sunshine. Sow 5 pounds per 1,000 square feet for new seedings, 3 pounds for re-seeding. Lb. $1.10; 3 lbs. $3.15; 5 lbs. $5.15; 10 lbs. $10; 25 lbs. $24.00; 50 lbs. $47; 100 lbs. $93.

FOR GRUBS IN LAWNS

If the sod loosens and rolls up when raking the lawn, examine the soil for white grubs, about an inch long. They devour the roots of the sod causing thin or dead spots in which crabgrass usually appears. An application of 2 pounds Arsenate of Lead per 100 square feet will control grubs for from 3 to 5 years. Customers report that the Arsenate treatment repels moles. Chlordane and DDT will also control grubs but are not as lasting.
